# About IIT Raichur

IIT Raichur is an autonomous engineering institute established under a public-private partnership with contributions from MoE, the Government of India, the Government of Karnataka, and KPCL. It was inaugurated in 2019 and received national importance in the year 2020 as a center of academic excellence in the field of Computer Science and Information Technology.

An institute of national importance with highly esteemed and accomplished faculty, an advanced curriculum, and a pioneering batch of scholars, IIITR is a cluster of creativity, innovation, and modernization made provisions to show the world what it is competent of.

## Our Vision

IIIT Raichur is committed to providing an unparalleled learning experience to its students by disseminating practical knowledge, stimulating intellectual growth, and nurturing virtuous character by inculcating in them the values of collaboration, creativity, and community service.

## Our Mission

IIIT Raichur, from its very inception, has the philosophy of bringing positive changes in the lives of its students and thereby the society at large. The aim is to cultivate ingenuity, originality, and innovation in the students who are the future of this country.

**Dr. Harish Kumar Sardana**  
Director, IIIT Raichur

# Director's Desk

Dear Friends,

Welcome. I am happy to associate with IIIT Raichur as a founding member. The institution is geared to provide ample opportunities for the youth to develop themselves into budding engineers with career options of working in top-notch companies, research, or entrepreneurship. With the pioneer batch completing their graduation in 2023, the institute would provide all options for higher education, research, innovation, and incubation.

Due to wonderful support from the centre and state government, the permanent campus is initiated with all the essentials to become a campus with a full ambiance of excellence. With the current session of 2022, the seats have been doubled due to the overwhelming response gathered from previous batches. More branches are planned to be launched in the next year.

Founded and continued mentorship by IIT Hyderabad, the innovative academics and assessments offer huge options and electives to the students to tune their careers. Various sports, cultural, and technology clubs develop the student's overall personality, ready to embrace the future. The council of students develops their leadership qualities as well.

We are creating an ambiance of excellence on the campus where students develop their ideas and themselves together. Where they not only develop solutions for the problems known but also learn how to define problems that have not yet surfaced.

Where the faculty not only spends their efforts towards imparting education but also developing their profile on a global front. Where the industry not only looks for talented engineers but also seeks advice from faculty toward their research and innovations. In nutshell, it is a campus where society and the environment initiate both problems and solutions.

With outstanding progress in the formation years, the institute looks forward to all kinds of partnerships in institution building. The faculty is already taking the lead in this regard, the students are also growing in this journey. The future lies in widening such opportunities by welcoming the youth, industry, and prospective stakeholders from society to become part of this promising institute of national importance.

I wish all the best for IIITR's students in this year's placement.

Stay Safe & Stay Strong...

Warm Regards,  
Dr. Harish Kumar Sardana  
Director, IIIT Raichur

# FIC's Pen

Welcome to IIIT Raichur. As an esteemed institute of national importance, IIIT Raichur is committed to academic excellence, pioneering research, and innovative thinking on a global scale.

Established in 2019 under the great mentorship of IIT Hyderabad, our institute strives to be recognized worldwide for its outstanding contributions. Currently, the institute is transiting in GEC campus, Raichur. We are expected to move to the permanent campus for the next academic year.

At IIIT Raichur, our curriculum goes beyond technical courses to ensure that our students are industry-ready. We believe in instilling a strong foundation through rigorous teaching, encouraging students to excel in every aspect of their education. Our students have the privilege of learning from distinguished researchers and accomplished academicians, which empowers them with cutting-edge knowledge and skills.

Moreover, we strongly emphasize holistic development and encourage our students to participate in a wide range of extracurricular activities. This holistic approach cultivates excellence in our students and equips them with well-rounded abilities to succeed in their professional lives.

We extend a warm invitation to all prospective employers and trainers from India and abroad to visit our campus for the placement process. We are confident that you will witness the remarkable outcomes of our teaching and learning environment at IIIT Raichur. Our students are very responsible with high moral values and are highly talented. As an FIC Placements, I am very confident that you will find some of the best students from our institution having the required skill-set. Your wholehearted support and engagement with us are greatly valued and eagerly anticipated.

Join us at IIIT Raichur and be a part of our journey towards creating future leaders and innovators in the field of technology. Together, let's shape a brighter tomorrow for a better nation.

Warm Regards,

Dr. Jahnvi Tiwari  
FIC Placement  
IIIT Raichur

# Academic Information

---

The academic programs offered:

- Bachelor of Technology (B.Tech.)
  - Duration: 4 Years
  - Computer Science and Engineering (CSE)
- B.Tech. Honors
  - Duration: 4 Years
  - Computer Science and Engineering (CSE)

*The student must complete an additional 12 discipline credits.*

Fractal academics also follow such a multi-scale approach. In this, a subject is offered as a set of two courses:

- 1-credit gives an overview of the subject
- Higher-level course (often 2-3 credits) gives functional expertise in the subject.

This model, thus makes it possible for both breadth and depth in learning. It is an Atomized Academic Program, providing a more holistic education, and in the long run, giving students the choice to design their curriculum.

**The first two semesters expose students to all the basic tools required for the rest of their Bachelor's program.**

**The curriculum potentially makes students ready for internships right after the first year.**

# Admission Procedure and Demographics

- Leveraging the advantage of being located in the industrial area, IIIT Raichur attracts highly adept minds from all over the country.
- The high cutoffs ensure that only competent minds make it to the campus.
- B.Tech program:
  - The program's central goals are to impart fundamentals of social and emotional intelligence, compassion, empathy, and professional skills to young students.
  - Admission to these programs is carried out through the Joint Entrance Examination Main, one of the toughest examinations in the world with an acceptance ratio of 0.14% from a pool of over 10,00,000 students.

## CSE'25 - Euphoric Batch

- Batch Strength - 43
- Gender Ratio - 1:5

## CSE'26 - Phoenix Batch

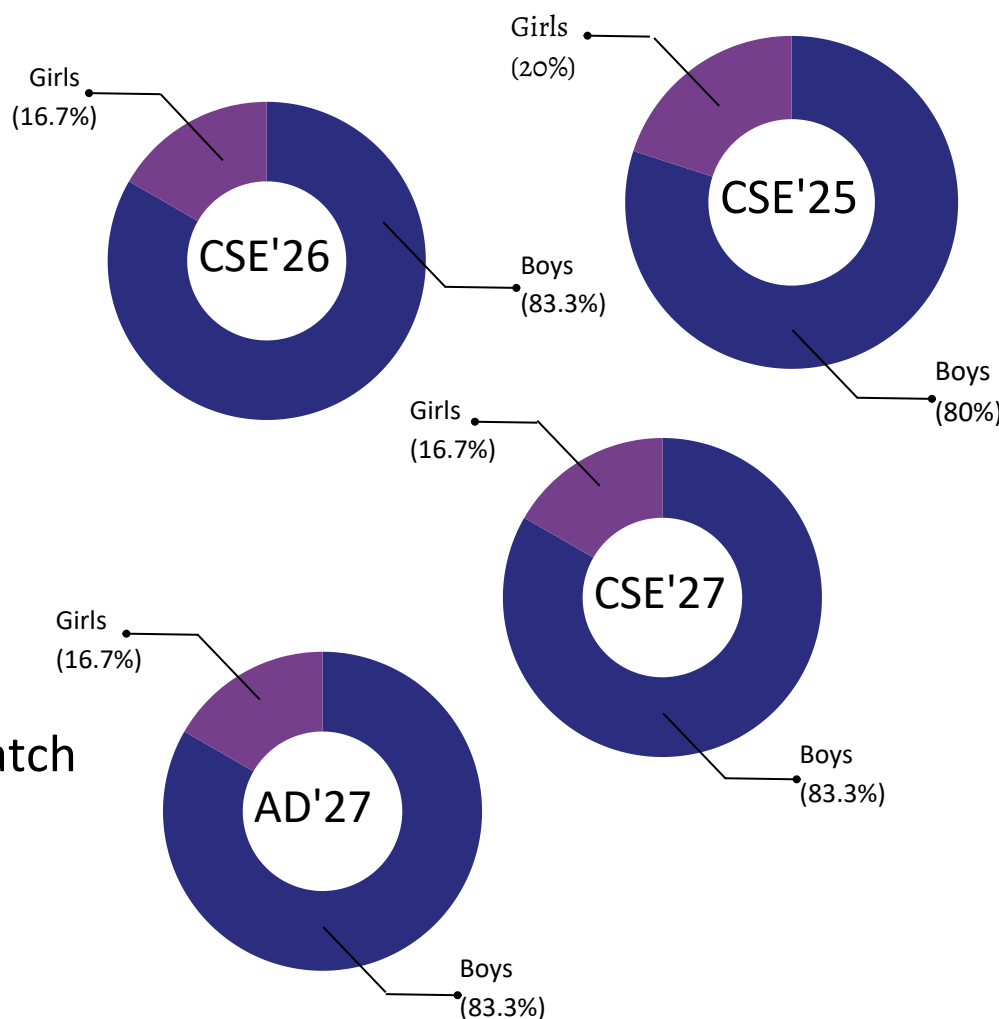

- Batch Strength - 47
- Gender Ratio - 1:5

## CSE'27 - Titans Batch

- Batch Strength - 68
- Gender Ratio - 1:6

## AI&DS'27 - Hyperions Batch

- Batch Strength - 42
- Gender Ratio - 1:6

# Life at IIIT Raichur

---

Apart from academics, the institute provides students with a comprehensive environment that promotes art and culture, sports, and social contributions in addition to self-governance and leadership qualities.

Seminars, workshops, club activities, technical meetings, and various other competitions are organized to boost skills and maintain an ambitious spirit.

The spirit of being in IIITR is the freedom to pursue academics and other personality development, and extracurricular activities. Students of the campus are regulated by the student conduct and disciplinary code and by rules and regulations for hostel residents.

IIIT Raichur is a place where students get rich and valuable exposure to multiple avenues related to academics, co-curricular and extracurricular activities. Each student discovers their true interests and passion and pursues the same.

Students of IIITR often scale in any field of specialization they choose to enter and explore, be it academics, industry, sports, arts, literature, or politics.

# Extracurriculars

## Technical Clubs

The Technical Club of IIIT Raichur was founded with the belief that innovation is born out of community interaction and the freedom to learn and explore.

CodeSoc is the pioneering club of IIIT RAICHUR which was initiated in 2019. The main objective of the club is to help students achieve excellence in coding and development practices among the student community. The club aims to encourage the brainstorming of impactful ideas, the exploration of various exciting technologies, and healthy collaborations on projects.

### Events:

- Intro to GCP
- CodeUp - Competitive Challenges
- Game Development
- Competitive Programming
- Crash course on VS Code

The Google Developers Student Club intends to train the students in developing their knowledge of google technologies and peer-to-peer environments. It provides opportunities to make prototypes of real time projects and solutions for local business and their community.

### Events:

- Solution challenge event
- Android Study
- Google Cloud
- Web-dev Session
- Compose Camp
- Getting Started with HTML

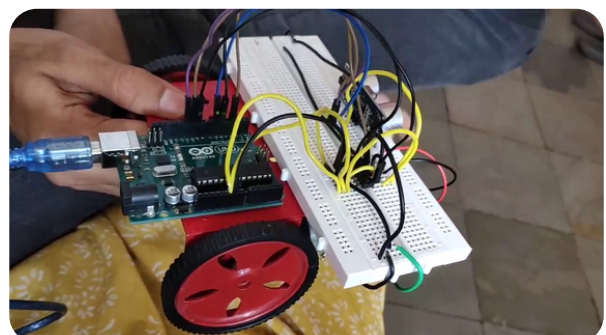

## Electrogeeks

Electrogeeks is one of the technical clubs of IIIT Raichur that oversees the functioning of the electronics and robotics department of the Institute. The club provides students with the latest state-of-the-art technology to help them come to terms with the engrossing field of IOT theory and advanced robotics.

### Events:

- Battery Screw-Up
- Technovation

# Cultural Clubs

The cultural sphere in IIITR is vibrant with a multitude of student clubs, regional groups, inter-hostel competitions and other events.

## Xposure

The photography club: Xposure organizes various workshops, informative sessions, photo walks, and contests to encourage and develop modern photographic skills in the students.

### Events:

- PhotoWalks
- Info-Sessions
- Photography Competition
- Sunset Photography

## Finspiration

The finance club envisions empowering financial literacy among the students of IIT RAICHUR. The club aims to ensure that the students get healthy exposure to the world of financial knowledge and encourage them to numerous initiatives during the learning period.

### Events:

- Fundamental analysis
- Session on financial analysis
- Tech talk
- Mutual funds
- Stock gro event

# EBSB

Ek Bharat Shreshtha Bharat is a pioneering initiative launched by the Government of India to enhance unity in the diversity of our nation India. The EBSB club of IIIT Raichur aims at introducing students to various diverse cultures and traditions of India. The EBSB club was initiated at IIIT Raichur on 2nd January 2020. Since then, the club has been organizing various events every month.

## Events:

- EBSB Exchange Program
- Poetry Competition
- Diya Arrangement
- Mandala Art Contest
- Bonfire

# Finesse

The cultural club: Finesse, focuses on developing a healthy culture among the students, staff, and faculty by organizing various exciting events at regular intervals.

## Events:

- Carnatic Music Session
- Movie Screening
- Open Mic Event
- Confess-Out

# NSS

The NSS Unit of IIIT Raichur started in the year 2019. The club has organized various events in collaboration with the NSS unit of IIT Hyderabad. NSS looks forward to taking up socially relevant initiatives as individual projects to create an impact on its volunteers as well as society.

## Events:

- Clean India Drive
- Swachhata hi Seva
- Plantation Drive
- Udaan
- Road Safety

# NSO

The sports club of IIIT Raichur was established in 2019. The main objective of the club is to encourage involvement in sports and physical activity to mold healthier, safer, and prosperous communities. Our college provides various facilities for the students to develop their athletic and personal skills.

## Events:

- Chess Tournaments
- Carrom Tournaments
- Volley Ball Competitions
- Basketball Competitions
- Cricket Matches

The counseling cell of IIIT RAICHUR-AURORA has been initiated in 2021 to maintain the psychological well-being of students. Since the inception of the club, AURORA has come up with various events to provide a motivating environment so that every student is aware of one's mental health and able to cope with stress, manage a hectic schedule and overcome inhibition.

AURORA has been involved and taking initiatives to make students realize their true potential, and capabilities and reach out to provide social and mental health.

## Events:

- Ice-breaker Session
- Encounter Session
- Connect-O
- Scribble Mania
- Night Gathering
